The Town of Batesburg-Leesville Utilities Department experienced a Sanitary Sewer Overflow on January 4, 2021 through January 7, 2021 at the following location:

200 block of South Oak Street

The spill/overflow was released from a manhole at the above address. The volume of sewage released is estimated at 100,000 gallons. The cause of the overflow was excess inflow and infiltration from the rain event over the weekend.

South Carolina DHEC has been notified.
